

EQI's New Student Village

Leadership Hall *at Lighthouse On 510 Hamilton Street*

Brand New Construction | State of the Art | Smart Apartments

Leadership Hall is a brand new, state of the art student housing facility centrally located in Franklin Township on the border of Rutgers University Campus. LH is conveniently located near restaurants, malls, hospitals, train station to NYC and recreational parks. LH is a self-sustaining student village with 84 total units consisting of studio living, one bedroom, and two bedroom housing.

Leadership Hall is more than just another dormitory experience. We at LH instill in our students that learning is a lifelong process. That is why we have committed ourselves to provide the resources, programs, and the right conditions to which students will establish good study habits while also developing self-confidence, independence, and self-discipline.

The mission of Leadership Hall is to develop sound bodies, stout hearts, and alert minds. LH seeks to foster an inclusive residential environment that complements each student's academic mission. LH does so by developing a living/learning atmosphere, creating a sense of community and personal responsibility, while promoting mutual respect among students living together.
